

# WHY UMBRELLAS?

**The Umbrella Art Project is a response to the devastating storm damage that the SCAA gallery and many local businesses suffered in late 2023. In conjunction with our grand re-opening, and maintaining a positive and humorous outlook; SCAA artists will create unique works of art out of ordinary umbrellas.**

**The project will showcase the various talents of artists of all ages while paying homage to the efforts of our volunteers in bringing the Alice W. Moore Center for the Arts back to its original glory.**

**Umbrellas will be on display at the SCAA gallery and throughout the Riverview Plaza. A silent art auction will be held leading up to our grand re-opening celebration allowing patrons to take home an original piece of umbrella art and help support SCAA in their ongoing efforts to support **CREATIVITY, COLLABORATION, and COMMUNITY****
